Meet Nichole

Our New Sales Consultant

We're excited to welcome the newest member of the Meridian team. With a strong interest in property that began in high school, real estate was always a natural path - and land sales quickly became the perfect fit. They're passionate about helping families and individuals take the first step toward building their forever home, and love guiding each buyer to find a block that truly suits their lifestyle, needs and vision.

Having spent many years in the area, they've seen the community grow and are excited to help more families become part of Meridian.

Outside of work, they enjoy time with family and friends, following sport (Melbourne Storm, Collingwood, MotoGP and Formula 1), and have played netball since the age of seven.

Please join us in welcoming them to the team!

Keep your nature strip healthy

READ MORE

Our beautiful streetscapes are part of what makes living at Meridian such a pleasure. Maybe you don't think about your nature strip often, but it's important to show it some love. Maintaining our nature strips keeps our community looking its best – and that's something we can all be proud of.

It's up to you

Nature strips belong to the council, however their upkeep is the responsibility of each homeowner. The council sets the rules for their maintenance through the Nature Strip Guidelines, which cover mowing, weeding, debris removal, and planting restrictions.

As a resident, you're responsible for the well-being of the nature strip and any small garden beds bordering your

property, including any you might have behind your garage along the laneway. Pruning the beautiful trees is the council's job – they own them!

If you neglect your nature strip the council might do whatever work is required to get it back into shape – and then charge you for the cost of that work. So it's a good idea to visit the City of Casey's website and get to know the Nature Strip Guidelines and

Parking Rules.

You can just follow these links:

A flourishing community

By working together, we can keep our community looking stunning. Show your nature strip some love and it will repay you with joy, pride, and possibly even additional value to your home!

Another great season for the Melbourne Stars

We were thrilled to return as the Presenting Partner of the Melbourne Stars Family Day held at Casey Fields in December. The event was a fantastic celebration of cricket and community, with thousands of passionate fans turning out to meet their heroes, snap selfies, and collect autographs from their favourite Stars players. The energy and enthusiasm on the day truly showcased the strong connection between the Stars and the Casey public.

With the season done and dusted, we're proud to have supported the Melbourne Stars for another exciting Big Bash campaign. While the ultimate goal of a BBL title remains out of reach, the team's journey to the finals and the many memorable moments along the way gave fans plenty to cheer about.

As the major sponsor, Brown Property Group remains massively proud of their performance. It all started with the Melbourne Stars Family Day back in December, when we were joined by members of the Riverfield community (and a few of the superstars!) to kick-off their season. What a great day, filled with festive fun and marvelous memories.

We look forward to continuing this partnership and celebrating more highlights together in the seasons ahead!

In order to be eligible for the landscaping incentive, you must have your front garden, including the driveway, nature strip and side fences completed within 90 days from the date of your Occupancy Permit. Please refer to your Contract of Sale and your Developer Approval drawings for the specific requirements for your lot.

🔗 Refer to our **Landscaping Incentive Flyer** for a helpful checklist and more information.

All shared fencing should be arranged in collaboration with your neighbour.

🔗 Refer to our **Fencing Info Form** for the process.

PERIMETER FENCING

If you aren't planning on building straight away, it is still important to secure your property. Please organise temporary fencing for your property to prevent the dumping of rubbish. It is a costly exercise for you as the home owner if clearing is needed prior to construction.
